

## **Only You, Lord**

### **Verse 1:**

Only You can make a heart beat;

only You control the great sea;

only You can speak in a whisper

and command all things to be!

Only You are High and Mighty –

Only You are all praiseworthy!

Only You are Majesty Divine!

Holy God – only You are mine.

### **Verse 2:**

Only You hold all creation –

Only You deserve elation!

Only You can light up the darkness

and shatter the hardness of a heart!

Only You are God our Saviour –

only You can show us favor!

Only You, Lord Jesus Christ, are King –

Holy God – only You are Lord of everything!

### **Chorus:**

And You alone are worthy to be exalted!

And only Your Word contains all power and might!

And You alone, O Lord, have sovereign dominion!

And only You make judgments that are right –

You are right!

**Verse 3:**

Only You have manifested goodness;  
only You have satisfied completeness;  
only You are love's very essence,  
and all that my soul will ever need!

Only You, Begotten of the Father –

Only You, and there is no other!

Only You, Lord Jesus Christ are true!

Holy God – all I am I give to only You!

**End:**

All I am – everything I give to only You!
