

Your Spirit's Final Move
Melody & Lyrics by Roger Funk, II

Verse 1:

Lord, we're only strangers here:
We're only passing through!
We know the time is growing short;
teach us to love the way You do!
Show us how to follow you
with humble hearts, we pray –
that with our hands extended, Lord, You might show
others You're The Way!

Bridge 1:

This momentary life is just a step
into a life forever in Your Presence!
If we would only sacrifice a bit, Lord,
I know You'd usher us into
Your Spirit's Final Move!

Verse 2:

We always think we're doing something wrong
in the way we preach the message;
or, "Maybe it's not time for them to hear at all –
tomorrow, maybe they'll be ready!"
I think we've come too far to turn back:
THIS IS "the hour" of Your Coming!
So, let us put aside the cares of this world
to win this race that we've been running!

Bridge 2:

You wouldn't see a single soul stay lost,
if You knew he would turn to be forgiven!
If we could only learn to count the costs, Lord,
I know You'd usher us into
Your Spirit's Final Move!

Hook:

So, here we are:
Ready, Willing, and Able!
"The harvest" is "ripe" –
so, let us feast at Heaven's Table!

Bridge 3:

Revival's knocking at the door –
wanting to be born this very minute!
If we could only learn to love You more, Lord,
I know You'd usher us into
Your Spirit's Final (pause) Move!

End:

Lord, we're only strangers here:
We're only passing through!
